Why Do Japanese People Use Air Conditioners? Top 7 Japanese Air Conditioner

Brands Panasonic Hitachi Mitsubishi Electric Daikin Toshiba Fujitsu Amadan
If you've ever visited Japan in Summer, you probably know the main answer to this one. They get hot. Really hot. And the simple act of opening a window, or

10, doesn't seem to cut it. The way most Japanese homes are constructed, especially older ones, means central heating isn't really a thing. So, by using a mixture of gas (or oil) heaters, and ai
