Latest information on microgrids

Overview

Microgrids Now, a publication of Energy Changemakers, offers news and analysis about emerging microgrid trends, technologies, and opportunities. It is edited by veteran energy journalist Elisa Wood. By leveraging the latest technologies, microgrid owners can reduce reportable emissions, improve their microgrid's longevity, increase economic returns. Opinions expressed are those of the author. Ilya Likhov - hi-tech entrepreneur, visionary and CEO of Neosun Energy, a distinguished authority in the field of solar energy. The shift is not merely about transitioning to renewable energy. "We created this community to gather the thinkers and doers working on distributed energy, stimulate dialog that drives change, and bring the best of the community's ideas to the broader reading public.
