ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

Lusaka, the capital city of Zambia, is experiencing a dynamic shift in its job market as it enters 2024. The city's economy is primarily driven by sectors such as agriculture, mining, and services, with emerging opportunities in technology and renewable energy. Recent infrastructure developments. Zambia's economy is steadily transforming, driven by reforms that promote entrepreneurship, industrialization, and investment in new sectors. As the government continues to support SMEs and youth-led ventures, 2025 presents a promising landscape for innovative entrepreneurs looking to tap into. Zambia is a politically stable, multi-party democracy, rich in natural resources. Zambia's gross domestic product per capita in 2022 was \$1,522, and more than 60 percent of the population lives below the international poverty line of \$2. The report also covers both modern and traditional trade, including.
