

PIENAAR ENERGY (PTY) LTD

Manually carry photovoltaic panels

Overview

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited. If your modules are damaged on arrival, notify the driver immediately, notify carrier and LONGi staff within 24 hours of delivery, and provide a record with detailed information within 48 hours of delivery. See claims and warranties for full details. In the process of loading and unloading, the forklift should be selected reasonably according to the size and. We in HBOWA supply tier-1 solar panels and LiFePO4 batteries to our partners across the globe post ensuring that the panels are handled and packed well with the best practice for solar module transportation. The safe transportation of solar modules is a crucial aspect of the solar module industry. Here at Solar Tools USA, our mission is to literally change the way you install solar by providing tools that make the process much faster, safer, and easier.

Manually carry photovoltaic panels

Unloading Handling & Storage Manual

This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited.
