Mexico city geographic locations

Overview

Mexico City[c] is the capital and largest city of Mexico, as well as the most populous city in North America. [15][16] It is one of the most important cultural and financial centers in the world, and is classified as an Alpha world city according to the Globalization and World Cities Research. Mexico City is geographically located in the Valley of Mexico. This valley, also known as the Valley of the Damned is a large valley in the high plateaus at the centre of Mexico. It has an altitude of 2,240 meters (7,349 feet).
