

PIENAAR ENERGY (PTY) LTD

Moldova Energy Storage Battery Base Planning

Overview

Moldova is planning a new tender for the construction of large renewable energy parks colocated with battery energy storage for autumn this year. The timeline for the tender was presented by Carolina Novac, state secretary of the Ministry of Energy, during a business. The Republic of Moldova has taken another significant step toward strengthening its energy security by initiating the procurement of a state-of-the-art Battery Energy Storage System (BESS). Moldova will buy a Battery energy storing system (BESS) of the last generation, with a capacity of 75 MW, as well as internal combustion engines (ICE) with a capacity of 22 MW.
