

**PIENAAR ENERGY (PTY) LTD**

# **New Zealand Power Storage Cabinet Wide Temperature Specific Lead-Acid Battery**

## Overview

---

The cabinet measures 600mm W x 500mm D x 855mm H externally, with internal dimensions of 505mm W x 410mm D x 460mm H. For larger businesses, this Lithium-ion battery cabinet makes the most of the clever double-wall, sheet steel design, which provides a thermal air defence to slow the advance of any battery fire. Extra space inside gives more storage options for larger batteries (think scooters, e-bikes etc) as. Don't miss out! . Providing a cool, dry environment for you to store and charge your batteries, our cutting-edge battery cabinet is the Australian-made solution you've been searching for. When these batteries fail, thermal runaway can cause fires, toxic gases, and costly damage. The flexibility that comes with the adjustable shelving, means you can configure this cabinet to suit not only the size of your batteries, but also the number. Buy Hazero Lithium Battery Safety.
