

PIENAAR ENERGY (PTY) LTD

New york electric grid chile

All In One

Integrating battery packs

Intelligent Integration

integrated photovoltaic storage cabinet

High-capacity

50 - 500kWh

Rated AC Power

50 - 100kW

Degree of Protection

IP54

Altitude

3000m(>3000m derating)

Operating Temperature Range

-20~60°C(Derating above 50 °C)

Overview

A sweeping blackout plunged most of Chile into darkness Tuesday, stranding commuters, knocking the internet offline and paralyzing businesses and daily life as officials scrambled to restore power. SANTIAGO, CHILE (J) - GE Vernova Inc. (NYSE: GEV) announced today that it has secured an order with Transelec Holdings Rentas Ltd, a leading provider of high voltage systems in Chile, to deliver synchronous condensers and high-voltage substation for the Ana Maria and Monte Mina. Our flagship report explores the issues and challenges shaping the grid of the future based on the latest facts and data, information, and figures. This year's report spotlights the uncertainty inherent in forecasting the adoption of emerging technologies like electric vehicles and electric heating. A new 1,342-kilometre power line is being planned to help connect solar and wind energy projects to the country's grid. Fuller / Alamy) Chile is set to build its longest power transmission line, as it looks to support its transition to clean energy. In light of these lessons learned and discussed at CEM13.
