

**PIENAAR ENERGY (PTY) LTD**

# **North Macedonia solar Water Pump Specifications**

## Overview

---

ACSP solar pumping system is specially designed for water supply and irrigation in remote areas where no reliable electricity supply is available. It has an operational range of 2m<sup>3</sup> to 208m<sup>3</sup> per day, with pumping depths of up to 180 metres (590 feet). In the sun-drenched fields of North Macedonia, farmers are turning to solar water pump manufacturers to solve two critical challenges: rising energy costs and water scarcity. The World Bank through Scaling Up Renewable Energy for Low-Income Countries (SREP) and the Small Island Developing States (SIDSDOCK) provided funding to the PPA as the Project. ZIRANTEC Pumps with 5 decades of engineering expertise in the pump industry, understanding the importance of usage of Green energy and the current need across the world and has extended comprehensive range of solar pumping systems both in deepwell submersible and surface pump ranges. These product. nver nver nver nver vert vert vert vert vert vert . Machinesequipments is a Solar Water Pump Manufacturers in North Macedonia, Solar Water Pump North Macedonia, Solar Water Pump Suppliers North Macedonia and Exporters in North Macedonia for Solar Water Pump. You can contact us by email at [sales@machinesequipments](mailto:sales@machinesequipments). The motivation for this document is to provide guidance that is based upon internationally recognized technical standards.

## North Macedonia solar Water Pump Specifications
