

PIENAAR ENERGY (PTY) LTD

Off-grid solar containerized fixed-type transactions

Overview

Off-grid solar storage systems, especially containerized versions, provide a scalable, economical, and reliable route to energy independence across diverse applications. Among the most scalable and innovative solutions are containerized solar battery storage units, which integrate power generation, storage, and management into a single, ready-to-deploy. Each system integrates solar PV, battery storage, and optional backup generation in a modular, pre-engineered platform that is scalable for projects ranging from 5kW to 5MW+. We make mobile solar containers easy to transport, install and use. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells — with optional diesel redundancy when regulatory or client. Our trailerized and containerized platforms integrate solar PV, advanced battery storage, and fuel cells into one seamless solution—delivering reliable, low-emission power where diesel once. Our containerised off-grid solar solutions are fully customizable, and our team of experts provides.

Off-grid solar containerized fixed-type transactions

Off Grid Container Power Systems , Hybrid Solar Solutions

MEOX hybrid Off Grid Container Power Systems, built on the core framework of hybrid solar container systems for remote areas, combine DC coupling, VSG grid-forming, and intelligent EMS to maximize ...

[Get Price](#)

Solarcontainer: The mobile solar system

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW/115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Containerized off-grid - Sun Power Gen

Our containerised off-grid solar solutions are fully customizable, and our team of experts provides end-to-end support, from site assessment to installation and maintenance.
