courtyard gate is the  
photovoltaic panel**

## Overview

---

Hanging a tasteful “Fu” symbol on the wall opposite your entrance, preferably facing outward, helps draw beneficial energy into your home. Let's explore what to. Feng Shui is an ancient study that generations have passed down over the years. It emphasizes tapping and harnessing the chi, also known as the life energy. The traditional courtyard, as the essence of architectural design, can both gather positive energy and easily violate feng shui principles if not properly arranged. 'Feng Shui is an ancient Chinese philosophy and practice that aims to harmonize the energy or qi (pronounced chi) in a home to improve the occupants' quality of life,' says Jane. The main door with good Feng Shui can improve the owner's fortune, so what are the Feng Shui principles for the front door?

- Just like the forehead of people, the area outside the front door shall be flat, open and bright to bring you good luck and fortune.
