

PIENAAR ENERGY (PTY) LTD

Organic photovoltaic panel manufacturer address

Overview

Heliatek has not only developed from scratch organic photovoltaic materials, we also have developed the first mass manufacturing site at our HQ in Dresden, Germany. Their innovative roll-to-roll manufacturing process in Dresden highlights their commitment to sustainable solar. HeliaSol is globally the only commercially available and IEC certified organic solar solution. Invented, developed, and manufactured by German engineering excellence, the solar films (not panels!), are light-weight, bendable, and truly sustainable. They can be easily attached to a variety of. Shandong Ronma Solar Co. Our products are designed to provide clean energy solutions to meet global energy demands and combat climate change. We specialize in wind power generation systems, photovoltaic power generation systems, wind-solar hybrid power generation systems, battery energy storage. NanoFlex Power Corporation develops advanced solar technologies which enable high performance thin films, unlocking a new world of opportunities and applications for solar power.
