

PIENAAR ENERGY (PTY) LTD

Outdoor telecom cabinet for oil platforms 80kWh vs diesel engine

GRADE A BATTERY

LiFepo4 battery will not burn when overcharged over discharged, overcurrent or short circuit and can withstand high temperatures without decomposition.

Overview

The cabinet works very well as a stand-alone power and/or battery backup solution and provides additional space for telecom equipment. The fan and filter has the advantage that a large amount of air can be exchanged, giving very high cooling performance with low power consumption. Smart monitoring and predictive maintenance help prevent generator failures, reduce downtime, and save on repair costs. Diesel generators in telecom cabinets. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. Purcell Systems' solutions specifically address operators and service providers' needs for durable equipment enclosures, modular cabinets, advanced surge protection technology, optimal battery backup enclosures, superior power management, and complete climate control cabinets, for equipment. Available in different configurations, Delta OutD cabinets are designed to protect equipment from external threats in all climates from the tropics to the arctic. In addition to traditional cooling methods, Delta's new hybrid cooling options revolutionize the cost structure of thermal management. As more remote and less accessible reservoirs are developed, high-speed, reliable telecommunications - both fiber and radio - will allow for increased off-site monitoring and control. Land-based operations of offshore facilities are one example of how advanced telecommunication creates. Our enclosures are built to withstand rain, dust, corrosion, and extreme temperatures, making them ideal for telecommunications, utilities, oil & gas, and industrial applications. We also offer customizable options to meet your unique needs. Contact us today to learn more and find the perfect.
