

PIENAAR ENERGY (PTY) LTD

Overseas household energy storage systems are growing rapidly

Overview

In recent years, accelerated global energy transition, rising electricity prices, and grid instability have driven rapid expansion of residential storage and small commercial & industrial (C&I) storage markets in regions including Europe, North America, Australia, and Japan. Households and. With the global shift toward renewable energy and carbon neutrality, home energy storage devices have become one of the hottest trends in the energy sector. 89 billion by 2034, reflecting a healthy CAGR of 9. In 2025, the RES industry is set to experience robust growth driven by policy support, technological advancements, and rising demand.

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg

Product voltage: 3.2V

internal resistance: within 0.5
