

PIENAAR ENERGY (PTY) LTD

Philippines bin grid-scale energy storage

Overview

The proposed national policy framework would cover the development, commercialisation, and utilisation of energy storage systems (ESS) to support grid reliability, renewable energy integration, and power supply security. Mission The DOE aims to enhance the quality of life for Filipinos by ensuring sustainable, stable, secure, and affordable energy through. The Philippines needs to establish clearly defined rules for the market participation of energy storage systems (ESS), the chair of the country's regulator has said. Energy Regulatory Commission (ERC) chair Francis Saturnino Juan, in a keynote address at Energy Storage Summit Asia 2025 in Manila. ACEN aims to integrate renewable energy better and further enhance grid reliability through its pioneering battery storage projects in the Philippines and overseas markets. 2 Bn, grows with demand for renewables and efficiency, led by Battery Storage and Industrial segments. 2 billion, based on a five-year historical analysis.
