

**PIENAAR ENERGY (PTY) LTD**

# **Photovoltaic galvanized aluminum-magnesium walkway board installation**

## Overview

---

The walkway system can be installed directly onto the roof or elevated and leveled using our roof mounting system + Zinc Aluminum Magnesium coated steel construction + Prefabricated modular system + Non Slip surface design + Suitable for all weather conditions + Highly. The walkway system can be installed directly onto the roof or elevated and leveled using our roof mounting system + Zinc Aluminum Magnesium coated steel construction + Prefabricated modular system + Non Slip surface design + Suitable for all weather conditions + Highly. In photovoltaic rooftop systems, a sturdy walkway is required to bear the footsteps of maintenance personnel and ensure the safety and efficiency of the photovoltaic system. ZAM steel walkway (zinc-aluminum-magnesium alloy coated steel) is emerging as a revolutionary choice for photovoltaic walkway. A Solar Panel WalkWay constructed from ZAM steel (Zinc-Aluminum-Magnesium) combines durability and corrosion resistance, making it an excellent choice for pathways in solar energy installations. This type of walkway ensures safe and efficient access to solar panels for maintenance and inspection. It is specially designed to ensure the safety of the solar rooftop walkway area.

## Photovoltaic galvanized aluminum-magnesium walkway board insta

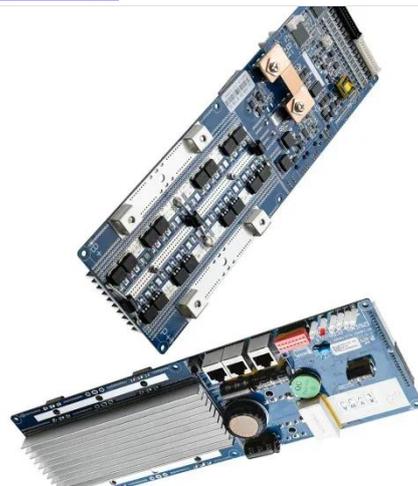

### Hopergy , WALKWAY , Solar Mounting System Datasheet , ENF ...

Hopergy walkway system is a prefabricated modular solution, guaranteeing swift and effortless installation. Made from Zinc Aluminium Magnesium coated steel for longevity and maintenance-free ...
