Photovoltaic panel back decorative board

Overview

One of the critical solar panel materials used in the construction of a PV module is the solar cell back sheet. The PV backsheet is on the outermost layer of the PV module. The PV back sheet is designed to pr.

Support Customized Product

A Comprehensive Guide on Solar Back Sheet for Solar Panels

Solar backsheets provide a rigid and robust support structure for the PV cells, which helps to minimize the mechanical stress that they may otherwise experience. The rigidity helps the solar panel to stay ...
