

## PIENAAR ENERGY (PTY) LTD

# Photovoltaic panel finished products are packaged and stored

IP65/IP55 OUTDOOR CABINET

IP54/55

OUTDOOR ENERGY STORAGE CABINET

OUTDOOR MODULE CABINET

## Overview

---

This may be due to the disposable packaging that solar panels are stored and shipped in. Wooden pallets don't have the most stable bases, and wrapping modules in plastic film does little for 360° of protection. We help solar. This guide serves as a reference for inspecting, transporting, unpacking, handling and storing LONGi PV solar modules to ensure safe practices for you and the modules. \*Note: Pallet. Solar panels undergo a long multi-step, time- and raw material-consuming process until they are ready to be sold. As a globalized industry with still most of the production of solar panels taking place in East and Southeast Asia and the largest share of end consumers being geographically distant. Proper solar panel packaging becomes paramount to ensure their safe transit and efficient handling.
