

PIENAAR ENERGY (PTY) LTD

Photovoltaic panel wire male and female connector

Overview

What is an MC4 connector (male connector & female connector) and an MC4 extension cable (8ft, 15ft, 30ft, 50ft, 100ft)?

If you're asking this question, you've probably noticed that most modern high power solar modules are manufactured with wire leads that have latching. What is an MC4 connector (male connector & female connector) and an MC4 extension cable (8ft, 15ft, 30ft, 50ft, 100ft)?

If you're asking this question, you've probably noticed that most modern high power solar modules are manufactured with wire leads that have latching. High-Quality Materials for Maximum Efficiency: Crafted with premium PPO material and tinned copper conductor pins, these solar connectors ensure excellent conductivity and minimal energy loss. Designed for durability, they deliver reliable performance for long-term use in any solar power system. For more information on solar panel cables, see. Photovoltaic Connectors are designed specifically to be used with solar panels.

Photovoltaic panel wire male and female connector

PV Solar Connectors for Solar Panel Extension Cable Wire

The connectors are specially designed with a watertight seal (if installed with the correct cable) and coated with a UV resistant coating. Our solar connectors feature a 'male' and 'female' end for ...
