Portuguese anti-fouling solar glass

Portuguese anti-fouling solar glass

Solar Glass with Anti Soiling Coating

Solar glass treated with Anti-Soiling coating soils less, hence easier to clean. The modules can maintain their optimal performance for longer duration while reducing the number of cleaning cycles, labour, ...

Solar Panel Coatings

Our easy to apply and highly durable PV coating offers instant benefits. Advanced SiO₂ technology which creates an invisible protective layer, approx. 100 nm (nanometres) "thick". Approximately 500 ...

Solar Panel Nanoceramic Hydrophobic Coating

This anti-static, self-cleaning surface increases solar panel performance while minimizing ongoing maintenance by creating a micro-thin, super-slick hydrophobic surface that prevents the adhesion of ...

A Critical Review on Anti-soiling and Anti-reflective

This paper focuses on current developments in transparent anti-soiling and anti-reflective (AR) coating based on the glass application, emphasizing the solar industry.

Anti-soiling coatings for solar cell cover glass: Climate and surface

In this work, anti-soiling coatings based

on TiO₂, TiO₂/SiO₂, and functionalized-SiO₂ films have been deposited on glass, characterized regarding their optical and structural properties ...

Glass made for the sun

Your single source: High-efficient float glass production, glass coating, glass processing as well as high-capacity production of flat solar mirrors. Everything is highly automated, precise and efficient.
