

PIENAAR ENERGY (PTY) LTD

Procurement of 60kWh inverter cabinet

Overview

The Sunplus SP-eBank F2 Series offers a powerful and integrated C&I energy storage solution by combining the SP1S-3P-H series three-phase hybrid inverter with a Battery Cabinet ranging from 30kWh to 60kWh. This high-performance system integrates a powerful 60kWh lithium battery pack with the Sol-Ark 60K-3P-480V inverter, delivering up to 60kW of continuous AC power to. Become a member by purchasing Silver Partner or Bronze Partner! This system is designed for large commercial and industrial businesses, featuring a native 277/480V 3-phase output that simplifies installation and reduces complexity. It supports both AC and DC coupling for seamless integration with. Its modular architecture allows flexible deployment for a range of applications, from commercial to industrial. Its modular design not only minimizes the impact of local failures but also allows for swift and straightforward module replacements.

Procurement of 60kWh inverter cabinet

Sol-Ark L3 HV-60KWH 60K Commercial Indoor Energy Storage System

Designed for seamless integration with the Sol-Ark 60K-3P-480V hybrid inverter, this system delivers up to 60kW of continuous AC power with 60kWh of lithium iron phosphate (LiFePO4) storage
