Rural Poverty Alleviation Solar Power Generation Loan

Overview

The program provides guaranteed loan financing and grant funding to agricultural producers and rural small businesses for renewable energy systems or to make energy efficiency improvements. The federal share was raised to 50% for all energy efficiency projects, all zero-emission renewable energy. Solar energy holds significant potential for alleviating poverty, tackling climate change and providing affordable clean energy, contributing to multiple United Nations Sustainable Development Goals. However, limited research has systematically reviewed the progress in the field of solar.

WASHINGTON, Jan. 10, 2025 - Agriculture Secretary Tom Vilsack today announced more than \$6 billion in clean energy investments through the U.
