

**PIENAAR ENERGY (PTY) LTD**

# **Service Quality of 100-foot Folding Containers at Drilling Sites**

## Overview

---

Delivery vehicles need up to 120 feet of straight clearance and at least 14 to 16 feet of vertical space to unload. Containers should not be placed on soft or uneven ground that may shift, sink, or warp, putting your equipment and project at risk. Maintenance of the drilling tools is a key element to obtain good productivity, extended tool life, and, most importantly, minimize downtime. PDP offers custom-manufactured mobile service shops to allow complete service directly on-site. supplies rugged, secure, and customized shipping containers built to withstand the harsh demands of oilfield and offshore environments. With over 35 years of experience, we understand the unique storage, safety, and logistical needs of the oil and gas industry — from. Standard modular steel container are durable and sizes include 10, 20, and 40 feet long, with all of them measuring 8 feet wide.
