

PIENAAR ENERGY (PTY) LTD

Shock-resistant folding container for drone stations

Overview

Discover custom cases, crates, and foam cushioning systems designed to protect your valuable drones and UAVs during transport. Matching to the box: Pre-cut soft foam inserts can be individually adjusted without tools. All ZARGES boxes are splash-proof as well as waterproof. Viking Drone Packaging has received a Crash Protection Container (CPC) certification from the United Kingdom. The company says this certification is the first of its kind, and the product has numerous applications for the aerial transport and delivery of fragile or important cargo. *All variants have an external volume and size of 9L and 305x153x193 mm, respectively.
