As solar energy adoption surges globally, Skyworth's “free installation” model has become both popular and controversial. Join over 8,000 people who received a free, no obligation quote in the last 30 days. While free solar panels may seem like a great deal, in almost every case we can think of, they aren't actually free. While this might sound enticing, there is a lot more to consider before signing a lease. Here's the reality: "Free solar" typically means solar with no upfront cost—not solar you'll never pay for. These offers often refer to solar leases or power purchase agreements (PPAs), financing options where a solar company installs panels on your property without requiring a down payment. You. What determines the power generation capacity of a rooftop power station?
