

PIENAAR ENERGY (PTY) LTD

Solar Power Generation Longi

Overview

LONGi is more than a product supplier, offering project consultation, design, installation, procurement, commissioning, operation and maintenance, and financing expertise. LONGi's network of R&D centers focuses on solar wafer, cell, module and solutions technologies. At the key node of intergenerational transition of global Photovoltaic (PV) technology, the back contact (BC) cell technology is leading the new-generation PV technology paradigm revolution, becoming the core engine to drive industry cost reduction and efficiency improvement and realize energy. Longi Green Energy Technology Co., often simply referred to as Longi, is a leading Chinese solar technology company and a global force in the renewable energy sector. With a commitment to innovation and sustainability, Longi is dedicated to producing high-efficiency. Zambia government plans to operationalize the project in April 2026 in the Itezhi-Tezhi District, with plans to complete each solar plant between 8 & 10 months. LONGi Hi-MO 9 Module: Industry-First Full-Scenario Certification for Unmatched Reliability LONGi Recently. Our solar modules help accelerate the clean energy transition, making the world healthier and more sustainable.

Solar Power Generation Longi

Solar Panel Manufacturer, Battery Pack, Solar System Supplier

We Are Mainly Engaged In R& D, Production And Sales Of PV Modules And Lithium Batteries, As Well As Providing Customers With Solutions For Solar Energy Projects. We Also Provide Professional ...
