

**PIENAAR ENERGY (PTY) LTD**

# **Solar battery 2000 watts**

## Overview

---

This article reviews five top-rated portable power stations and solar generators designed to meet diverse needs, from high-watt appliance operation to fast solar charging. Below is a summary table highlighting key features of each selected product. Check Price on Amazon. Check each product page for other buying options. Need help?

. Hi Dear, AC200MAX would work if the load of your sump pump doesn't exceed its rated 2200W (also help to check the starting power of your sump pump) Hope it may help and appreciated Bluetti Can I use this in Philippines ?

Hi Dear, We afraid that you cannot use in Philippines with US version as. A 2000W solar generator can power most household appliances including the refrigerator, TV, and coffee maker as well as smaller electronics like lights, fans and devices. If it has a large battery capacity (5+kWh), it can run higher-wattage appliances like a portable AC or fridge. But it won't. Suitable for harsh environments: Built-in BMS provides protection against temperature fluctuations, short circuits, over-discharge, over-current, and overcharge, and ensures battery cell balancing. Operating temperature range for charging: 0C~45C, discharging: -20~-60.
