

**PIENAAR ENERGY (PTY) LTD**

# **Solar battery storage factory in Brisbane**

## Overview

---

Australian-made, on-grid and off-grid energy storage solutions that store solar power and can make you income through your very own Private Power Plant. Assembled and tested in Brisbane, Australia. Battery storage is a primary component of any efficient solar energy system, allowing households to maximise their solar-generated power. Solahart Strathpine & Redcliffe is at the forefront of this revolution, offering top-tier solar batteries, expert installation, and tailored energy solutions to. Solar power has long been the go-to solution for lower energy bills and cheaper electricity, but with feed-in tariffs decreasing and battery technology more efficient than ever, it's time to take the next step. Did you know that your rooftop can generate up to three times more solar. Modern solar batteries do more than just store excess energy — they're smart systems designed to optimise how your home uses power. Check out our portfolio to see our work in action.
