

PIENAAR ENERGY (PTY) LTD

Solar container outdoor power large capacity black

Overview

The solar container includes lighting, access control, fireprotection, and air conditioning. Can be placed indoors or outdoors, with heat. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Check each product page for other buying options. Made with chemicals safer for human health and the environment. Need help?

. The Tallboy combines compact size with 12-ton lift capacity and provides some serious lift. Camp off grid for a long weekend or even longer with this complete solar kit for your RV. LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar. MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells — with optional diesel redundancy when regulatory or client. SolarBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily.
