Solar panel power generation project in Bosnia and Herzegovina

Overview

A new 64 MW solar power plant near Stolac in Herzegovina has officially started feeding electricity into Bosnia and Herzegovina's national grid. This facility represents the second phase of the Hodovo solar project, the country's largest photovoltaic power plant. The project has caused discontent among some residents. Developed by the state-owned energy company ERS, the plant, named "Nevesinje 1," will significantly boost the region's renewable energy. Construction has begun on the largest solar power plant in Bosnia and Herzegovina, located on the sunny plateau of Komanjsko Brdo near the town of Stolac.
