

PIENAAR ENERGY (PTY) LTD

Solar power generation companies go bankrupt

Overview

Some major players in the solar power industry (Sunnova, Mosaic, etc.) residential and finance sectors, have filed for Chapter 11 bankruptcy protection or announced major closures in 2025. The solar industry experienced exponential growth over the last decade as costs fell and favorable policies helped drive mass adoption. However, 2024 has brought immense challenges, with higher interest rates, tighter financing, and adverse policy shifts in key states contributing to over 100 solar. The last decade has witnessed a significant increase in the development and implementation of green power by U. But 2024 has marked a sharp turn. Homeowners increasingly face unsupported systems, voided warranties, and. Big solar companies are often built on a house of cards at risk of collapsing. Sunnova Energy has been in the headlines throughout the first few months of 2025: In February, the company laid off nearly.
