State Grid Small and Micro Enterprise Policy

Overview

This framework provides relevant background information for State Energy Offices and PUC consideration, regardless of their state's microgrid landscape, through examples from peers as states across the country have implemented varying strategies to enable microgrids. A renewable energy microgrid at Wisconsin's second net-zero school. Image: Eaton Innovative state action last year across the microgrid policy landscape was. Raleigh, NC - (J) The NC Clean Energy Technology Center (NCCETC) released its Q2 2025 edition of The 50 States of Grid Modernization. That's roughly equivalent to Sweden's entire GDP! China's State Administration for Market. rgy resources (DER). Microgrids have a unique role in transformi g the electric grid. The nation simultaneously faces increasing threats from extreme weather events and opportunities to electrify entire sectors of the economy and address ongoing inequit es in energy access.
