Subsidy for new energy storage power stations in Ukraine

Overview

The European Bank for Reconstruction and Development (EBRD) is supporting Ukraine 's energy security by lending €22. 3 million to private Ukrainian energy company Power One for the financing of new peaking generation capacity and battery energy storage systems (BESS). The EU has the expertise, the ability and the will to help make that happen. Ukraine's energy systems have suffered significant damage since the full-scale invasion of 2022. 5 GW by year-end, demonstrating robust growth despite ongoing challenges. The. EBRD partially covers credit risk for partner banks on loans for decentralised energy generation, energy storage and energy.
