

**PIENAAR ENERGY (PTY) LTD**

# **Technical Specifications for Solar Energy Storage Cabinets for solar container communication stations**

**200kWh  
Battery Cluster**

## Overview

---

Communication container station energy storage systems (HJ-SG-R01) Product Features Supports Multiple Green Energy Sources Integrates solar, wind power, diesel. Highjoule HJ-SG-R01 Communication Container Station is used for outdoor large-scale base station sites. They transform solar-sourced DC into AC and store unused energy in high-performance battery packs, providing clean, renewable. Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Lower your environmental impact and achieve. EMS communication refers to the exchange of data and instructions between the Energy Management System and various components within a BESS container. Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. They can be utilized both.

## Technical Specifications for Solar Energy Storage Cabinets for solar

---

### Technical disclosure on EMS construction of solar container

A Site Battery Storage Cabinet is a modular energy backup unit specifically designed for telecom base stations. It houses lithium-ion batteries (typically LFP), BMS, EMS, and optional thermal
