The government installs solar power for free

Overview

federal government doesn't offer free solar panels, and some solar companies may use this claim to push you into signing a solar lease or purchase power agreement (PPA). However, you can get tax credits or rebates on your panels if you own them outright. The ITC — also known as the Federal Solar Tax Credit — is a popular tax rebate program offered by the US Federal Government for homeowners looking to switch to clean, renewable solar power. In August of 2022, the United. Whether you're a low-income homeowner or a rural resident, there are plenty of grants and funding options in 2025 to make solar energy accessible, affordable, and efficient.
