Tonga New Energy solar Module Solar Panel

Test certification
CE  FC 

Overview

Tonga is making tangible progress toward its renewable energy targets with the rollout of solar-powered mini-grid systems across its outer islands, in a bold move to reduce its dependence on expensive diesel imports and improve electricity access for remote communities. Imagine a newly established solar module assembly line in Nuku'alofa, Tonga's capital. Production is running smoothly, with the first batch of high-quality solar panels ready for delivery. Currently, around 91 per. In the presence of Their Majesties King Tupou VI & Queen Nanasipau'u, The King & Queen of The Kingdom of Tonga, Tonga's new 6MW solar power plant was officially launched today at Fualu, Tongatapu by Prime Minister of the Kingdom of Tonga, Hon. Implemented by New Zealand company. Tonga Energy Road Map 2010 launched as a 10-year plan focused on reducing Tonga's vulnerability to oil price fluctuations and improving access to modern energy services, and achieving environmental sustainability. The plan's targets of 70% renewable electricity by 2025 and 100% by 2030 on the main island of Tongatapu mark a bold step away from a.
