

PIENAAR ENERGY (PTY) LTD

Ukrainian Photovoltaic Folding Container Mobile Type

Overview

The solarfold Photovoltaic Container is mobile for universal deployment with a light and versatile substructure. How many PV modules. Would you like to generate clean electricity flexibly and efficiently and earn money at the same time?

With Solarfold, you produce energy where it is needed and where it pays off. The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp. In Ukraine, where grid disruptions are frequent due to the prevailing situation, this photovoltaic foldable container equipped with energy storage batteries can be rapidly deployed in off-grid conditions. Overall Project Performance Location: Guinea Configuration: Distributed at aluminum mining camps with no grid connection.

Ukrainian Photovoltaic Folding Container Mobile Type

2025 Mobile Folding Solar Container Project Overview

In 2025, our mobile folding solar container solutions were deployed globally, providing reliable, low-carbon power for off-grid, grid-support, and flexible energy applications.
