

## **PIENAAR ENERGY (PTY) LTD**

# **Waterproof mobile energy storage container is most suitable for Ottawa**

## Overview

---

These modular systems combine portability with industrial-grade performance – perfect for Ottawa's mix of urban development and remote operational needs. 64 MWh capacity with advanced lithium battery technology. Superior energy density for large-scale industrial and utility applications. Operates in harsh conditions from -30°C to +55°C. IP55 protection rating with C5 corrosion resistance. Suitable for altitudes up to 4000m without. Ottawa generator containers have emerged as game-changers across multiple sectors. Let's break it down: What makes these containers so versatile?

. MOBIPOWER containers are purpose-built for projects where energy demands go beyond what a trailer can deliver. These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells — with optional diesel redundancy when regulatory or client. "Outdoor energy storage systems reduced downtime by 73% during Ottawa's 2023 winter crisis," reports the Canadian Renewable Energy Association.
