

PIENAAR ENERGY (PTY) LTD

Wellington solar power system

Overview

In this guide, we break down the three main solar system types in NZ—grid-tied, hybrid, and off-grid—so you can choose the right setup for your home, lifestyle, and budget. Let's Chat! Discover Wellington Solar Hub's expert solar panel installations. Solar panels use the power of the sun to generate electricity for your home. Panels can be placed on a roof or on the ground. Any extra electricity you generate during the day and don't. ZEN Energy has been transforming how Wellington homes and businesses access energy since 2014. But here's the thing: it's not just about saving money (although that's definitely a fantastic perk). From design and consenting to supply, installation, and ongoing maintenance, Solar Hub NZ delivers. Contact us today and let us show you how an investment in solar power will rival most market returns with the added, and important bonus of lowering your carbon footprint! Power full From design to implementation, the Auckland Team will provide you with the best solar power systems available that. Are you considering installing a solar energy system in your home or business?

Our Services span across the greater Wellington Region We design and install solar solutions specific for Wellington City, Wairarapa and Kapiti Coast.
