# What are the Abu Dhabi solar power station energy storage projects

## Overview

---

Abu Dhabi has officially broken ground on the world's largest renewable energy project integrating solar power and battery storage, a landmark development that will deliver 1 gigawatt (GW) of baseload renewable energy around the clock at a globally competitive tariff. In the presence of President His Highness Sheikh Mohamed bin Zayed Al Nahyan, Abu Dhabi Future Energy Company PJSC – Masdar and Emirates Water and Electricity Company (EWEC) today announced the launch of the world's first large-scale 'round the clock' gigascale project, combining solar power and. In a remarkable advancement for renewable energy, the United Arab Emirates, under the auspices of His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the UAE, has inaugurated the world's largest integrated solar and battery storage project. Combining solar energy generation with advanced. Masdar, the Saudi state-owned renewable energy company, has officially commenced construction on an ambitious solar and energy storage initiative in Abu Dhabi. Valued at approximately AED232 billion (around US\$5.9 billion), this project will integrate 5. Dr Sultan Al Jaber, minister of industry and advanced technology for the United Arab Emirates (UAE) and chairman of state-owned.

## What are the Abu Dhabi solar power station energy storage projects?

---

### UAE President witnesses launch of world's first 24/7 Solar PV, Battery

By launching the world's largest solar PV and Battery Energy Storage System, Abu Dhabi is setting a new global standard for sustainable energy development and innovation.
