# **Who invented the solar generator**

## Overview

---

Augustin Mouchot (/ mu:'ʃoʊ /; French: [muʃo]; 7 April 1825 – 4 October 1912) was a 19th-century French inventor of the earliest solar-powered engine, converting solar energy into mechanical steam power. Mouchot was born in Semur-en-Auxois, France on 7 April 1825. [1] He first taught at the. Solar power was first discovered by French physicist Edmond Becquerel in 1839 at the young age of 19. At the time, Becquerel was experimenting in his father's lab when he observed the photovoltaic effect, a process that generates electricity when exposed to sunlight. The first scientist to discover that two metal electrodes placed in an electrolyte solution produced more energy when. Long before the first Earth Day was celebrated on Ap, generating awareness about the environment and support for environmental protection, scientists were making the first discoveries in solar energy. Early experiments by Greeks, Romans, and Egyptians showcased the.
