

PIENAAR ENERGY (PTY) LTD

Will there be electricity after the photovoltaic panels are completed

Overview

Short answer: Yes, but your “cost” will be significantly reduced or eliminated! However, Utility NET Metering Agreements provide for you to receive your normal electric bill after installing solar panels. SolarTech upgrades your system with additional panels or battery storage. Solar doesn't eliminate electric bills entirely: 99% of solar customers still receive monthly utility bills due to grid-tied systems, but bills are dramatically reduced from an average of \$154 to as low as \$35-45 per month. The average monthly residential electric bill is \$136. are grid-tied, allowing customers to draw electricity from the grid when their solar panels aren't producing enough electricity.
