### Xiong'an Railway Station's rooftop distributed PV panels of CEEG

Xiong'an Railway Station's rooftop distributed PV panels can provide 5.8 million kWh of clean electricity, making itself the largest green railroad station in Asia. The annual CO2 emission ...

## Multi-agent deep reinforcement learning-

## enabled voltage regulation

To improve the adaptability of voltage regulation in active distribution networks (ADNs) with high photovoltaic (PV) penetration, this paper proposes a distributed Volt/Var control (VVC) ...
