Yongshu Island Smart Microgrid

Smart microgrid built to pioneer China's zero-carbon port plan

BEIJING, Dec. 11 (Xinhua) -- A smart microgrid, the first of its kind in China, has been put into operation at a port in the eastern province of Jiangsu as a pioneer initiative in implementing the country's zero ...

Multi-criteria decision analysis for the planning of island microgrid

Abstract Remote island communities often struggle to meet energy needs affordably, sustainably, and reliably. Island microgrid (IM) systems offer a promising solution; however, optimal ...
